COMMODORE DEWEY

Recommends That a Provisional Government Be Established at Manllla.

Hongkong, May 10.—Dispatches signed by Commodore Dewey have just peen sent to Washington recommending that the surrender of Manilla be demanded and that a provisional government for the Philippines be established pending the settlement of the war with Spain.

His proposai is for a commission to take control of the government. He suggests that he be named as one of the commissioners. The government would be continued upon much the same lines as exist now.

He asks that sufficient troops be sent him in the event that his plan is adopted to maintain order. If his suggestion is favorably received by the president and the eabinet, it is probable that our two eonsuls, Williams of Manilla and Wildman of Hongkong will be asked to serve on the commission.

Some such solution, it appears, must be found immediately. Food supplies in Manllla have run short already. It is estimated that the town has enough to jast two weeks. No more can be brought in.

Commodore Dewey's fleet has completely invested the city hy water, and the insurgents control all land approaches. It is impossible for the inhabitants to add to the present supply of food without the consent of the American commodore. He is in absolute control.

Preparing to Carry Troops. Washington, May 10.-Evidences of the preparations being made for earrying troops to the Philippines were apparent at the war department. The officials and before them a list of between 15 and 20 large vessels whose food from Santiago and Manzanillo.

Should all be secured the war department will be able to send cavalry troops to the Philippines in ease this is dcemed desirable.

For Aggressive Action.

Washiagton, May 10.—The eabinet decided on an aggressive campaign against the Spanish in the Philippines. Five thousand troops will be sent. It expects im portant news soon from Sampson, who has moved against Porto Rico. It is not believed he will encounter the Spanish fleet at Porto Rico. Later on Havana will be attacked from rear by the United States and iasurgent troops, and by the fleet

ONLY UNSELFISH WAR.

America Sets an Example Before the World.

WHAT INGERSOLL OBSERVES.

No Great Honor In Whipping the Former Owner of Half the World, but the Most Supreme Joy Is of Duty Done.

Anderson, Ind., May 10.-Robert Ingersoll said on the Cuban affair: "I am for this war. It is the only war in the history of the world that is unsclfish, absolutely noble and for the benefit of the down-trodden, the starved and the people of another race.

"It is natural for a man to defend himself-the birds do that. But nothing is nobler than to defend the weak when they are right. Back of this war there are no hatreds, no desires for revenge-but there are tears of pity and mercy aroused to redress the wrongs as becomes justice. Spain herself is a victim. She has been ruled by religion. She is a theological bankrupt.

"The natural home of the Inquisition; her bigotry made her cruel, her ignorance made her bigoted, and now the former owner of half the world sits amid the ruins of her former grandeur, broken and impoverished, yet still enjoying cruelty, happiest when killing bulls and persecuting honest people. Of course, there is no great honor in whipping Spain, but joy is the result of duty done."

Colonelcy Offered McKee.

Indianapolis, May 10.—The coioncley of the First regiment, made vacant hy the aceident to Colonel Pennington of New Albany, which will prevent him being active for three months, and then barring him from service in the army, was offered to General McKee, and it is believed he will accept it if he is not appointed brigadier general, which, at this time, seems improbable.

Indications Are That Capital Instead of Labor Will This Time Be Called Upon to Furnish the Sinews of War.

Washington, Msy 10. - When the finance committee adjourned consideration of the war revenue bill had been almost entirely eompleted, although there were some puzzling problems still unsolved, one of which was the manner of dealing with proprietary medicinal articles. There will probably be a uniform tax on all of them.

The committee has decided to place a license upon banks at the rate of \$100 a year, and upon brokers at the rate of \$50, but has not yet determined whether the professions shall be licensed or not.

On life insurance companies the rate has been increased fivefold, being made 10 cents on every \$100, and it is estimated that this increase will add about \$1,000,000 in revenue.

The provision for an inheritance tax and for a tax on bills of lading were both adopted, as were the provisions for taxing all dealings in kitures, including bucket shop operations.

The bill as it wil be reported will eontain a provision requiring that a memorandum be made of all deals of this character, however small, and that a 2-cent stamp be placed upon this memorandum.

Major Stanton's mother was a Miss A. Throop, daughter of the Rev. P. Throop. a Methodist minister of much renown. When young Henry became old enough he was sent to the public schools and later to Maysville Seminary. He was a precocious child and learned with remarkable rapidity.

A Rural Youth Walks a Long Distance With the Hope of Getting in the "Army."

A young fellow about five feet six tall strack Maysville yesterday morning and told several gentlemen whom he met that he wanted to "jine" the army. He had no baggage, but he wore a tattered and torn home-made straw pile about as big around as the head of a tobacco hogshead. He said he walked all the way from Maddox, O., wherever that is.

Somebody referred him to the recruiting office at 121 Market street, and he was taken in hand by Joe O'Donnell.

"What is your name?" querried Joseph. "Oliver Nelson Shelton," replied the youth, "but pap always calls me 'Ol.' fer short."

"How old are you, Oliver?"

"Wall, the last time pap took me to Manchester I wuz 'hout fifteen 'en I guess that wuz nigh onto four year back."

"That would make you nineteen, then,"

"Can you shoot?"

"Wall, I'm 'bout as pert as any of the other fellers in our neighborhood, en if you uus 'll take me along and give me my smooth-bore our folks won't be uneasy 'bout me."

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the Campornia Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Syrup Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALI-FORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company -
